Re: **Ex Parte Presentation**  
CG Docket No. 03-123

Dear Ms. Dortch:

On May 15, 2007, representatives of four VRS providers – CSDVRS, HOVRS, GoAmerica, and CACDHH-VRS – met with FCC employees to urge the FCC to use a tiered rate structure in setting the rate for video relay services. This letter is to clarify that these providers continue to prefer utilization of such a tiered structure with the rate levels price capped for three years. If this approach is not adopted, we favor a straight price capped rate based on \$6.644 for a three year period as a better approach than the current weighted average methodology. However, for the reasons we have already provided, we do not believe that using a single price capped rate will be as effective as applying the tiered rate methodology.

Sincerely,

Karen Peltz Strauss  
Legal Consultant, CSD
